

Morrisons Worksop Section 278 Highway Works Worksop, Nottinghamshire

The Brief

Main contractor Bowmer & Kirkland appointed Danaher & Walsh to carry out Section 278 works relating to their construction of a new Morrisons supermarket and petrol filling station in Worksop, Nottinghamshire.

Our Solutions

The works involved the construction of a new traffic signalised junction, providing access to the supermarket. Additionally, a new mini roundabout was created and existing mini roundabout altered to improve access to and from the new store.

Outcomes

The project, which was completed in good time for the opening of the new superstore, also involved the coordination of various statutory undertakers and required liaison with Nottinghamshire Highways and other stakeholders.
